LAPTOP CASES AND ACCESSORIES

INTRODUCTION
TO TARGUS

Smart. Innovative. Experienced.
Handcrafted in a small London suburb, the original laptop case was designed by Targus to carry some of the industry's first portable computers across town and around the globe. Since its inception over 25 years ago, Targus continues to evolve as the leading laptop case and accessory company by providing functional products that allow users to uniquely express themselves whether at work, travel or play.

Global Expertise
- Global Product Availability
- Worldwide Sales Force
- Direct Distribution in Over 100 Countries
- Customer Service in Local Languages Around the World
- 45 Offices Worldwide:

Africa	Europe
Asia	Latin America

Zip-Thru™ Corporate Traveler Backpack

15.4"

- Split design separates laptop from accessories, to allow clear x-ray scanning
- Patented SafePORT® Air Cushion System
- Two quick-access pockets (one with zippered closure)
- **Weight:** 3.13 lb

The zippered center section of the case can double as a large storage compartment when not in use for air travel. This section can also conveniently store liquids or gels that must be removed and scanned by the TSA.

Zip-Thru™ Checkpoint-Friendly Laptop Case

Checkpoint-friendly laptop cases are designed to make air travel easier by reducing stress and wait time at airport security. The patent-pending Zip-Thru feature allows the laptop to remain inside the case for a clear x-ray scan. In addition to meeting airport security standards, this collection of Zip-Thru cases provides the same level of laptop protection and convenient features as all Targus cases.

How It Works

- Place only the laptop in the clearly marked section
- Store files, power adapters, and accessories in the secondary compartment—avoid stacking electronic items
- Place the case on the airport conveyor belt and unzip the center section
- Retrieve case at the end of security screening

Zip-Thru™ CHECKPOINT FRIENDLY LAPTOP CASE
